

Curriculum Vitae

Personal Data

Name: Prof. Dr. Selim Corbacioglu
Contact: Franz-Josef-Strauß-Allee 11
93053 Regensburg, Germany
Tel office: +49-941-944-2101
Fax office: +49-941-944-2102
e-mail: selim.corbacioglu@ukr.de

Professional Career

- 01/ 2010 - Ongoing Associate Professor, Chair of the Department of Hematology, Oncology, and Stem Cell Transplantation
University Children's Hospital Regensburg, Germany
- 08/2002 - 12/2009 Assistant Professor, Department of Hematology, Oncology, and Stem Cell Transplantation
University Children's Hospital Ulm, Germany
- 07/2000 - 06/2002 Consultant, Department of Hematology, Oncology, Immunology and Stem Cell Transplantation
University Children's Hospital Zürich, Switzerland
- 07/1997 - 06/2000 Fellowship in Pediatric Hematology und Oncology,
Memorial Sloan-Kettering Cancer Center, New York, NY
- 07/1994 - 06/1997 Residency in Pediatrics
New York University (NYU), New York, NY
- 07/1992 - 06/1994 Research fellow, Pediatric Hematology and Oncology
University of Hannover Medical School, Hannover Germany
- 10/1990 - 06/1992 Residency in Pediatrics, University of Hannover Medical School, Hannover Germany

Scientific Career

- 01/2012 - present Principal Investigator:
Prospective, open label, single arm pilot trial to assess a multimodal molecular targeted therapy in children, adolescent and young adults with relapsed and/or refractory neuroblastoma or relapsed and/or refractory high grade glioma
EudraCT Number: 2011-004062-15
ClinicalTrials.gov Identifier: NCT01467986
- 01/2010 - present Molecular analysis of stem cell characteristics and genomic stability in childhood neuroblastoma and AML
- 12/2003 - 12/2010 Principal investigator:
Prospective, multi-center, international study of the incidence and outcome of veno-occlusive disease (VOD) with the prophylactic use of Defibrotide (DF, Gentium, Italy) in pediatric stem cell transplantation

07/2000	-	12/2010	Molecular analysis of constitutively activated mutations of tyrosine kinases in AML
07/1998	-	06/2000	,knock-in' mouse models for aberrant signaling in receptor tyrosine kinases
04/1992	-	06/1994	Anti-angiogenesis as an anti-tumor tool in a murine glioblastoma multiforme modell
05/1986	-	01/1988	Photodynamic therapy of malignant melanoma

Activities

- Co-Founder of the Sickle Cell Disease Cure and Prevention Consortium of the WBMT
- National Coordinator for clinical trials of the GPOH
- Board member of the Pediatric Disease Working Party of the EBMT
- Coordinator for clinical trials PDWP of the EBMT
- Faculty Member der European School of Hematology (EHA): Blood and Marrow Transplantation in Children
- Member of the trial advisory board of the AML-BFM trial
- Member of the trial advisory board of the EURO EWING trial
- Advisory Board member of the Cure-2-Children Foundation
- Scientific Advisory Boards, Gentium, S.p.A., Italy

Awards

- Van Bekkum Award of the EBMT, 2010
- Kind-Philipp Award of the German Pediatric Oncology Society (GPOH), 2012

Qualifications

- European board certified in Pediatric Hematology and Oncology 2008
- European board certified in Pediatrics: 2003
- US board eligible for Pediatric Hematology and Oncology: 2000
- US board certified in Pediatrics: 1997

Memberships

- DGKJ Member since 2008
- AACR Member since 2004
- EHA Member since 2003
- ASH Member since 2002
- GPOH Member since 2002

- EBMT Member since 2000
